## Digital wallets streamline and automate processes that are traditionally manual and burdensome

### Finance leaders love us because:

You have clear visibility into all transactions, regardless of how big or small. You stay in total control, setting spending limits, and approving purchases. Your team saves significant time and money by simplifying the purchasing and reimbursement process.

### Principals love us because:

Educators are empowered to shop on their own, which means site personnel aren't burdened with placing those orders.

### Maintenance & Operations teams love us because:

No more open PO's to manage. No more credit card statements to reconcile. Receipt collection is digital and easy.

### Educators love us because:

No more long waits for purchase approvals or reimbursements. Get supplies and resources more quickly and reimbursements in days.
